**MAKE \$\$\$\$
RENTING OUT YOUR RV!**

Our customers are people who would love the whole experience of an RV vacation, but can't afford to buy one. Or, they're considering a purchase, but are still undecided on the type of RV that is best suited for them. They rent first, so they can experience the different types before they buy.

Many rentals go no further than special events in town, or up to the Grand Canyon.

You finally realized your dream, and you purchased an RV... now what?

We understand that purchasing an RV is a major investment. The freedom you have, and the enjoyment you get from traveling in your RV is just one return on your investment, but why not have your RV work for you when you're not using it?

Put Your RV to work for you...

Owning your own RV is a wonderful experience, but it comes with a few responsibilities. Monthly payments, insurance, storage and maintenance. Instead of letting your RV just sit in the driveway or in a storage lot, why not rent it out during the weeks and weekends you're not able to enjoy it? Maybe the idea has crossed your mind at one time or another, but you didn't know how to go about doing it... or you might have thought that the hassle would outweigh the benefits.

The extra income could make the payment for you, cover the costs of maintenance or just help you build your nest egg.

We can help...!

Renting your RV through Going Places RV Rentals is simple and hassle-free. We have been renting owner's RVs for over 10 years, and have worked all the bugs out of the process. We manage the advertising, all scheduling, screening renters and collecting payment. All you have to do is collect your share of the profits!

When not out on a rental, your RV will be stored in our secured lot, at absolutely no charge to you. Or, if you prefer, you can bring it to us when we have a confirmed rental scheduled.

And **BEST OF ALL**... You have full access and use of your RV...YOU decide when it is available for rent.
